

Welcome TO LIFE BRIDGE

WE BELIEVE THAT PREVENTION IS CRUCIAL; CRISIS CARE NEEDS TO BE READILY AVAILABLE AND SERVICES DO NOT END WITH A PREGNANCY TEST. THEY ARE JUST BEGINNING.

We are a Life Care Center providing: advisory services, education and prevention, crisis care, and material assistance in the areas of relationships, pregnancy and parenting. Our services are free and offered regardless of age, gender, or marital status. We have the privilege of serving many surrounding communities through satellite offices and 2 websites. Many young families face financial hardships relational challenges, lack emotional support, and have spiritual questions. This leads to depression and hopelessness, and greater incidents of domestic violence, child abuse, and neglect. Key times in life trigger a landslide of issues; Unplanned pregnancies, tumultuous relationships, loss of pregnancy or infant, and struggles in parenting. **These are all areas we provide help with.**
